If buildings are to be erected by D&J Timber Buildings Ltd a flat level solid surface must be provided i.e. slabs or concrete. A 30% Deposit is required to secure orders on standard size buildings all special bespoke sizes balance is to be paid in full. Balance must be paid on or before day of delivery.

ALL BUILDINGS METRIC COMPARISON. This allows for buildings to work with 2x2 (600mmx600mm) paving slabs. Please Note Timber sizes once planned finish smaller. Please ask if you require further information.

If You require a slab base to be laid for you please contact our fencing and paving specialist

If buildings are to be erected by D&J Timber Buildings Ltd a flat level solid surface must be provided i.e. slabs or concrete. A 30% Deposit is required to secure orders on standard size buildings all special bespoke sizes balance is to be paid in full. Balance must be paid on or before day of delivery.

ALL BUILDINGS METRIC COMPARISON. This allows for buildings to work with 2x2 (600mmx600mm) paving slabs. Please Note Timber sizes once planned finish smaller. Please ask if you require further information.

If You require a slab base to be laid for you please contact our fencing and paving specialist
